

# UNMATCHED ACCURACY. UNRIVALED CONTROL.

# THE SMART CHOICE.

INTRODUCING

**HELIX™**

**FR28**

**A BREAKTHROUGH IN  
SPRAY FOAM APPLICATION**

The first fully integrated electronically controlled dual pump system with features that provide unmatched accuracy and unrivaled control.

**TITAN™**

# HELIX™ FR28

PACKED WITH TECHNOLOGY.  
ZERO COMPROMISE.

## PATENT PENDING ELECTRONIC PROPORTIONING SYSTEM

Dual pump system with continuous communication delivering a true 1:1 ratio that is powered by two DuraLife™ brushless HE motors.

## EASYOUT™ QUICK REMOVAL FLUID SECTION

Change fluid section on-site in seconds without tools reducing downtime and keeps you spraying.

## SUREFIRE™ HEATING SYSTEM

Controls temperature from the heating block to the gun.

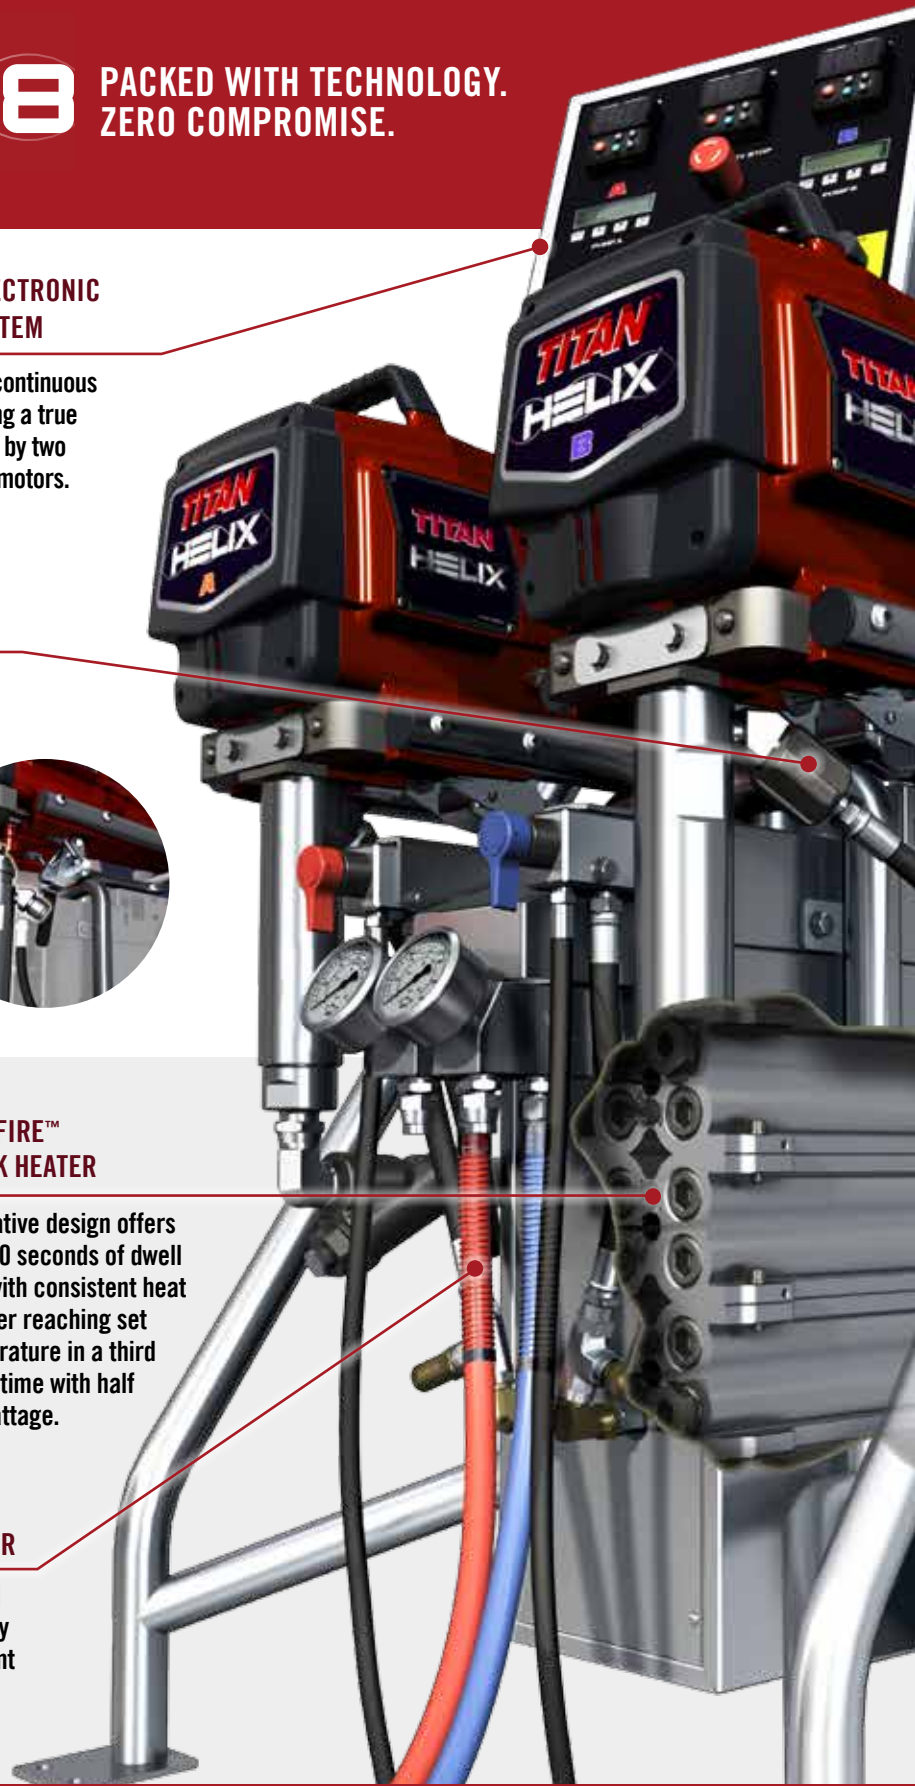

## SUREFIRE™ BLOCK HEATER

Innovative design offers over 30 seconds of dwell time with consistent heat transfer reaching set temperature in a third of the time with half the wattage.

## SUREFIRE™ HOSE HEATER

Provides active heating all the way to the spray gun by placing the heating element directly in the hose.
